System Requirements for AME Program

Primary Device
Laptop or Desktop Computer
with webcam and microphone

Second Device
Phone or Tablet (Android/iOS
only) that can scan a QR code

1. **Primary device Operating System (laptop or desktop)**
   - **Windows**: 10* and 11
       - *Windows 10/11 'S mode' is not compatible and LockDown Browser cannot be obtained from Windows App Store.
   - **Mac**: macOS 12+
   - **ChromebookChromeOS**: Requires ChromeOS available via Google's LTS channel.

2. **Memory**
   - 2 GB RAM (with a minimum 4gb of available RAM)

3. **Hard Disk Space**
   - **Windows**: 300 MB of free hard disk space
   - **Mac**: 400 MB of free hard disk space

4. **Webcam and Microphone**
   - Your primary device must have a webcam and microphone (built-in or external)

5. **Word Processing Software (e.g. Microsoft Word, Apple Pages or Google Docs)**
   - The software must also be able to save files in PDF format

6. **Second Camera**
   - In addition to your primary device and camera, access to a second device (phone or tablet) that can scan a QR code is required. Check Second Device Compatibility

7. **Internet connection**
   - Minimum upload speed: 15 Mbps. Test your Internet Speed

   PLEASE NOTE:
   - You must have administrator access to your primary device.
   - For the best learning experience, we recommended using a laptop or desktop computer to complete the program.
   - Quizzes and tests **cannot** be completed on a phone or tablet.
